Tax lists give name of person taxed or tithed, type and amount of taxable property, amount of tax, and the county statistics.

Hampshire County kept one taxpayers list per year from 1782-1786, two lists from 1787-1850. There was no tax collected for the year of 1808, the General Assembly did not pass tax collecting legislation for that year.

Hampshire County was part of Virginia until 1863, when it became part of West Virginia.
